Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A loan applicant	Check my loan eligibility.	I don't know if I qualify.	The approval process is unclear.	Confused and uncertain.
PS-2	A working professional	Improve my credit score.	I don't know what affects my score.	I don't receive personalized guidance.	Worried about future loan approval.
PS-3	A first-time borrower	Calculate my monthly EMI.	I can't estimate my repayment accurately.	Financial calculations are difficult.	Anxious about managing my budget.
